NOTES

Grouped by year based on the first requested trip timestamp after the first reported timestamp of the first ever SA/SM incident

For a driver who has multiple SA/SM complaints, the first requested trip timestamp after the first reported SA/SM incident was used to avoid double counting

Example:

- If driver A was reported SA/SM in 2017, 2018 and 2019 and took a trip in 2017, 2018 and 2019, they would be counted 1 time in 2017
- If driver B was reported SA/SM in Jan 2017 and Mar 2017 and took a trip in 2017, they would only be counted 1 time for 2017
- If driver C was reported SA/SM in Jan 2017 and Mar 2017 and took a trip in 2018, they would only be counted 1 time for 2018
